# Important Things to Know

## Birthday Celebrations

We love to celebrate our children's birthdays! For each birthday, we will have our own little party during our afternoon snack. You are more than welcome to send in a cake or treat of some kind to help us celebrate. Please be aware that due to Public Health regulations, cakes and baked goods **must be store bought**. If your child's birthday falls on the weekend, our classroom party will be the Friday before their birthday weekend.

## Potty training

Many of our friends are all ready potty trained using the smaller potties in the classroom we will be transitioning to the large toilets in the hall way> we do still have a smaller one for our friends who still aren't ready for this. We are more than happy to help with those who are just starting to potty train. We also have a copy of the "3 day potty training" manual if you would like to borrow it.
