

Happy October everyone!

It's so nice to see the beautiful fall weather is finally here!

We spent the last month helping the children settle into a nice daily routine which has been going really well. The children have become very comfortable with us and with each other. Now that we're more settled we hope to start doing more weekly crafts and activities throughout the days. With the days becoming increasingly cooler we ask that you send your child with appropriate outdoor clothing as we do try to get outdoors as much as possible. Please send your child a pair of **splash pants** which will be kept in their cubbie for cooler days or if it is a bit wet outside. It also wouldn't hurt to send in a pair of light weigh mittens and a light hat for cool mornings.

Please note that the daycare will be closed on **Monday, October 14th** for Thanksgiving Monday.

Later on this month both baby classrooms will be taking a stroller walk over to the Atlantic Superstore to pick out some pumpkins! We plan on carving them with the children and displaying them in the classroom for parents to see. On Halloween day (October 31st) we are planning on taking the children in the strollers across the street to the Nassis strip mall to go "Trick-or-Treating. Of course we know babies will not be eating any candy or sweets that companies may be giving out, its more just for fun an to get out in the communtiy. If you have a Halloween costume for your child, please send it in with them on Halloween day for our Trick-or-Treating walk. ***If any treats are handed out to children, all treats will be sent home for parents.**

We also plan to have a small classroom Halloween party on Halloween. A sign up sheet for special snacks for our party will be posted in the hallway at a later date for parents to look at.

If you have any questions or concerns, please do not hesitate to ask Shawna, Cindy, Karen or Kelly.

Happy Thanksgiving!
